

SIMPLICITY

Altura's Fixed Monthly Leasing Plan

Simply the best coverage available today.

Leasing your telecommunications system is a cash-flow friendly way to finance all of your communication needs while giving you the flexibility to keep up with the latest technology

As a bundled offer, you won't find more comprehensive coverage including Hardware Equipment, Software, Firmware, Installation, Maintenance, Move, Add and Change, Software Upgrades, Hardware Equipment Upgrades and even Act of God coverage like lightning, flooding, fire, and more. Upgraded hardware equipment coverage after 36 months provides up to 50% of the original system total without changing the monthly lease payment.

BY LEASING YOUR BUSINESS WILL:

- **Save Money:** Keep your cash in your business to use for operations, not tied up in rapidly depreciating technology items.
- **Trade Higher CapEx for Lower OpEx:** You can trade higher upfront capital expenditures for lower monthly payments.
- **Enjoy Tax Benefits:** You might be able to claim a tax deduction of up to 100% of your lease payments. *Ask your accountant or tax advisor for advice on how Leasing can work for you as opposed to long term depreciation.*
- **Meet your Business Needs:** With leasing, you can afford the equipment your employees need today.
- **Use Latest Technology:** Leasing gives you access to the latest technology because you can update your equipment on a regular basis. You can avoid being stuck with out-of-date equipment again.
- **Spread Cost over 5 Years:** Affordable monthly payments spread the cost of your equipment over its useful life.
- **Easy End of Term Options:** At the end of the term, you have the option to choose what you want to do with the equipment.
